## UNAUDITED INTERIM FINANCIAL REPORT FOR THE THIRD QUARTER ENDED 31 JANUARY 2009

### ADDITIONAL INFORMATION REQUIRED BY THE LISTING REQUIREMENTS OF BURSA SECURITIES FOR THE MESDAQ MARKET

#### **B1. Review of performance**

##### **(a) Performance of the current quarter against the preceding quarter**

For the current quarter ended 31 January 2009, the Group recorded revenue of RM11.5 million as compared to RM13.9 million recorded in the previous quarter ended 31 October 2008. The Group's revenue declined by 16.75% as a result of the current depressed global economic conditions. The reduced spending by both the consumer market and also the telecommunication companies in the form of marketing and infrastructure investments has severely hampered the Group's revenue generation.

The Group recorded loss before taxation of RM4.1 million for the current quarter ended 31 January 2009 as compared to a loss before taxation of RM2.6 million recorded in the previous quarter ended 31 October 2008. The higher loss incurred was mainly due to lower revenue generated, while maintaining a similar fixed cost structure especially technical and staff cost.

##### **(b) Performance of the current quarter / period against the preceding year corresponding quarter / period**

The Group's revenue of RM11.5 million in the current quarter ended 31 January 2009 represents a decrease in revenue of RM4.1 million as compared to RM15.6 million reported for the preceding year's corresponding quarter. The decrease of 26.19% in revenue was mainly attributed to the lower demand for the Company's products and services from both the consumer and also the corporate clients due to the current global financial crisis. Cost conscious awareness due to economic meltdown has resulted in lower demand from the Group's users or customers, and most of them adopt a conservative stand and wait and see attitude before spending.

The Group recorded a loss before taxation of RM4.1 million in the current quarter ended 31 January 2009 as compared to profit before taxation of RM1.1 million recorded for the preceding year corresponding quarter ended 31 January 2008. The deterioration in financial performance was mainly attributable to the decrease in revenue, while the fixed cost structure remains similar.

The Group recorded a revenue and loss before taxation of RM40.2 million and RM8.6 million respectively for the nine months period ended 31 January 2009 as compared to a revenue and profit before taxation of RM51.3 million and RM2.2 million respectively in the preceding year's corresponding period. The deterioration in revenue and financial performance was mainly attributable to lower demand for the Company's products and services as a result of the current market condition.

## UNAUDITED INTERIM FINANCIAL REPORT FOR THE THIRD QUARTER ENDED 31 JANUARY 2009

### B2. Current year's prospect

The Group expects to face a difficult business environment in the current year given the volatile global economic climate and challenges assailing the global information technology industry. In tandem with slower economic growth, the demand for mobile applications and value added services is expected to be lower. The Board of Directors continues to be concerned with these unprecedented challenges, especially the volatility of the global economy.

Notwithstanding this, the Group will continue during this challenging business environment to focus on its technology, products development, service enhancement, market expansion, and maintaining or securing strategic partnerships. The Group is committed to implement measures that will increase its operational efficiency and mitigate the impact of these external factors to some extent. The Group will also look for new sources of income, including expanding its international footprint and diversifying its earnings base abroad, where appropriate. This however, will only be undertaken with due diligence and professional assessment of the risks involved.

### B3. Variance of actual profit from forecast profit

The Group has not published or issued any profit forecast for the current period and financial year to-date.
